2009 International Conference on Measuring Technology and Mechatronics Automation (ICMTMA2009) will be held on 11-12 April, 2009 in Zhangjiajie, China. ICMTMA 2009 aims to provide a high-level international forum for scientists, engineers, and educators to present the state of the art of intelligent measuring technology and mechatronics automation research and applications in diverse fields. The standard number of pages is 4 and the maximum page limit is 6 pages with extra payment for the 2 extra pages beyond the 4 pages.

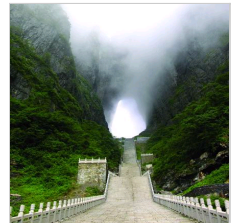

All accepted papers will appear in conference proceedings published by the IEEE Computer Society and will be indexed by both **EI** Compendex and **ISTP**. Selected best papers will be recommended to publish in following SCI-E and EI Compendex journals, but those authors also need to give a presentation in the conference.

International Journal of Parallel, Emergent and Distributed Systems (SCI-EI)
Journal of Central South University(English Edition) (SCI-E)
Journal of Computational Information System(EI)
