ISCB2013 & ISCB2014 & ISCB2015 & ISCB2016 & ISCB2017 have been included in the *IEEE Xplore*!

Welcome to ISCB2018

August 27-29, 2018 | Basel, Switzerland

Welcome to the official website of the 2018 **6th** International Symposium on Computational and Business Intelligence (ISCB 2018). The Symposium will be held in [Basel, Switzerland](#) during [August 27-29, 2018](#). The aim as well as objective of ISCB 2018 is to present the latest research and results of scientists working in the fields related to Computational and Business Intelligence. This Symposium provides opportunities for the delegates to exchange new ideas and application through face-to-face discussions, to establish business or research relations and to find global partners for future collaborations. We hope that the outcome of ISCB 2018 will yield significant contributions to the knowledge in the emerging areas of Computational & Business Intelligence.

After the immensely successful ISCB17, ISCB16, ISCB15, ISCB14 & ISCB13, we are expecting ISCB18, the 6th anniversary of ISCB, to be more exciting, stimulating & educative. The intention is to establish an effective platform for institutions and industries to share ideas and to present the works of scientists, engineers, educators and students across the globe. The organizing committee of Symposium is pleased to invite prospective authors to submit their original manuscripts for possible presentation at ISCB 2018.

WHY SHOULD YOU ATTEND ISCB2018

Learn about products, implementation strategies, industry trends

CONFERENCE

SECRETARY OF ISCB2018

- ★ Build Relationship with Colleagues who are Specialists in Different Areas of *Computational Intelligence & Business Intelligence*
- ★ Share your experiences and lessons learned with other enthusiasts
- ★ Discover innovative solutions to enhance the performance
- ★ Maximize returns on investment for system upgrades, operations, and maintenance
