The 9th International Conference on Knowledge and Systems Engineering (KSE 2017)

Hue, Vietnam October 19-21, 2017

Hosted and Sponsored by

Hue University of Education - 34 Le Loi Street, Hue City, Vietnam

Aim and Scopes

The KSE conference is an open international forum for presentation, discussion and exchange of the latest advances and challenges in research of Knowledge and Systems Engineering. The main objective of the conference is to bring together researchers, academics, practitioners and students not only to share research results and practical applications but also to foster collaboration in research and education in KSE. The ninth edition of the conference, KSE 2017, will be held in Hue city, an ancient capital of Vietnam, during October 19-21, 2017, and organized by Hue University of Education. **KSE 2017** solicits contributions dealing with any aspects of Knowledge and Systems Engineering. The organizers of the conference invite the papers on the following themes, but not limited to:

• Natural Language Processing

• Multimedia & Pattern Recognition

• Evolutionary Learning

• Information Security

• Biomedical
