学术成就

姓　　名：李悟

职　　称：副研究员

联系电话：010-82618465

电子邮件：wu.li@ia.ac.cn

联系地址：北京市海淀区中关村东路95号

邮政编码：100190

教育背景

- 2001年-2004年，中国科学院自动化研究所，获工学博士学位
- 1997年-2000年，北京理工大学，自动控制系，获工学硕士学位
- 1992年-1996年，郑州工业大学，计算机与自动化系，获工学学士学位

研究方向

- 医学影像处理与分析、脑功能信息处理、模式识别

代表论著

[1] Wu Li, J Liu, F Skidmore, Y Liu, J Tian, K Li, "White matter microstructure changes in thalamus of Parkinson's d with depression: A diffusion tensor MR imaging study," AJNR Am J Neuroradiol., Aug. 2010.

[2] J Li, J Liu, J Liang, H Zhang, J Zhao, CA Rieth, DE Huber, Wu Li, G Shi, L Ai, J Tian, K Lee, "Effective connectiv of cortical regions for top-down face processing: a Dynamic Causal Modeling study," Brain Res., 1340: 40-51, June 2010.

[3] J Liu, J Li, H Zhang, CA Rieth, DE Huber, Wu Li, K Lee, J Tian, "Neural correlates of top-down letter processing Neuropsychologia, 48(2): 636-41, Jan. 2010.

主要学术成就

- 2009年-今，IEEE member
- "New automatic segmentation algorithm for acute intra-cerebral hemorrhage lesion from CT images and user interface design"，专利申请号：200510091067.1
