The Exploration of Giant Intelligent Systems

Dai Ruwei, Wang Jue

Abstract

The research on intelligent systems is recently an important topic in AI research field. The schemes of giant intelligent system are divided into four types: (1) Closed giant intelligent system scheme; (2) Semi-closed giant intelligent system scheme; (3) Semi-open giant intelligent system scheme; (4) Open giant intelligent system scheme. Besides, through such classification, the meaning of "social" style for building system as well as system architecture is analysed. And a sequence of giant intelligent system scheme is obtained.
