The Second International Symposium on Parallel Architectures, Algorithms and Programming (PAAP 2009) is to be held in Nanning, Guangxi, China between December 4 and 6, 2009. The PAAP 2009 aims at addressing advances in research on parallel computing, covering topics from theoretic studies to technology issues and applications. Please keep checking this web-space for more information and regular updates about PAAP 2009.

PAAP was founded by University of Science and Technology of China (USTC) in 2008. The first conference ([PAAP 2008](#)) was held in Hefei, Anhui, China in celebration of the 50th anniversary of USTC.
