WICSA MEETS COMPARCH

IEEE INTERNATIONAL CONFERENCE ON SOFTWARE ARCHITECTURE (ICSA 2017)

ICSA is the premier venue for practitioners and researchers interested in software architecture, in component-based software engineering and in quality aspects of software and how these relate to the design of software architectures. ICSA keeps the characteristic of a WICSA as a working conference, where researchers meet practitioners and software architects can explain the problems they face in their day-to-day work and try to influence the future of the field.

INTERNATIONAL CONFERENCE ON SOFTWARE ARCHITECTURE

APRIL 3-7 | GOTHENBURG, SWEDEN

THE CITY AT A GLANCE
