2013年发表学术论文一览表

发布时间：2016-06-02

序号	论文名称	作者	发表日期	发表刊物、会议名称	核心及收录情况
1	On the Diophantine equation $x^2 - kxy + y^2 = 0$	胡永忠	2013	Chinese Annals of Mathematics Series B	SCI
2	Low-rank quadratic semidefinite programming	郝志锋	2013	Neurocomputing	SCI
3	Multi-objective Differential Evolution Algorithm based on Adaptive Mutation and Partition Selection	郝志锋	2013	JCP	SCI
4	An adaptive class pairwise dimensionality reduction algorithm	郝志锋	2013	Neural Computing and Applications	SCI
5	Product named entity recognition for Chinese query questions based on a skip-chain CRF model	郝志锋	2013	Neural Computing and Applications	SCI
6	Causal gene identification using combinatorial V-structure search	郝志锋	2013	Neural Networks	SCI
7	A Linear Support Higher-Order Tensor Machine for Classification	郝志锋	2013	IEEE Transactions on Image Processing	SCI
8	A Hybrid Approach for Large Scale Causality Discovery	郝志锋	2013	ICIC	SCI
9	Chinese Sentiment Classification Based on the Sentiment Drop Point	郝志锋	2013	ICIC	SCI
10	差分隐私保护k-means聚类方法研究	郝志锋	2013	计算机科学	核心
11	Regularized Gaussian Mixture Model based discretization	郝志锋	2013	Appl. Intell.	SCI

	for gene expression data association mining.					
	Uncertain exit time multi-period mean-variance	郝志锋	2013	Automatica	SCI	
12	portfolio selection with endogenous liabilities and Markov jumps	郝志锋	3			
	A primal method for multiple kernel learning	郝志锋	2013	Neural Computing and Applications	SCI	
13						
	MODS: Multiple One-class Data Streams Learning from Homogeneous Data	郝志锋	2013	SDM 2013	EI	
14						
	SADA: A General Framework to Support Robust Causation Discovery	郝志锋	2013	ICML. 2013	SCI (一区会议)	
15						
	差分隐私DPE k-means数据聚合下的多维数据可视化	郝志锋	2013	小型微型计算机系统	核心	
16						
	质量度量指标驱动的数据聚合与多维数据可视化	郝志锋	2013	智能系统学报	核心	
17						
	An Efficient Method for Optimizing Reader Deployment and Energy Saving	许庆贤	2013	Sensor Letters	SCI, EI	
18						
	An Improved Partitioning Mechanism for Optimizing Massive Data Analysis Using MapReduce	许庆贤	2013	Journal of Supercomputing	SCI, EI	
19						
	Toward Sustainable Sensor Field by Greener Technique of Optimization with Queue-based Approach	许庆贤	2013	Journal of Internet Technology	SCIEI	
20						
	Dynamic Intelligence for Sustainable Computing	许庆贤	2013	Journal of Internet Technology	SCI	
21						
	Real-Time Embedded Software for Multi-Core Platforms	许庆贤	2013	Journal of Systems Architecture	SCI	
22						
	Network and Parallel Computing	许庆贤	2013	LNCS	EI	
23						
	"Biocloud: Cloud Computing for Biological, Genomics, and Drug Design	许庆贤	2013	BioMed Research International	SCI	
24						
	Advanced security technologies and applications for ubiquitous computing	许庆贤	2013	Journal of Personal and Ubiquitous Computing	SCI	
25						
	Theory and Algorithms for Emerging Cloud and Its Sustainability	许庆贤	2013	International Journal of Next Generation Computing	EI	
26						
	Service Computing Architecture Frontiers	许庆贤	2013	International Journal	EI	

				of Next Generation Computing	
28	Ubiquitous Information Technologies and Applications	许庆贤	2013	LNEE	EI
29	Introduction to Special Issue on Recent Advanced Technologies and Theories for Grid and Cloud Computing	许庆贤	2013	Computer and Electrical Engineering	SCI
30	Mobile and Wireless Computing towards Sustainable and Ubiquitous Clouds Services	许庆贤	2013	International Journal of Grid and High Performance Computing, International Journal	EI
31	Cloud Computing Technology and Science	许庆贤	2013	International Journal of Grid and High Performance Computing	EI
32	Advances in security and multimodality for pervasive computing environments	许庆贤	2013	Telecommunication Systems	SCI, EI
33	Free vibration of axially functionally graded Timoshenko beams with non-uniform cross-section	黄勇	2013	Composites: Part B	SCI
34	A simple approach for determining the Eigenvalues of fourth-order Sturm-Liouville problem with variable coefficients	黄勇	2013	Applied Mathematics Letters	SCI
35	Higher-order theory for bending and vibration of beams with circular cross section	黄勇	2013	Journal of Engineering Mathematics	SCI
36	Transverse waves propagating in carbon nanotubes via a higher-order nonlocal beam model	黄勇	2013	Composite Structures	SCI
37	An efficient computation of Sturm-Liouville Eigenvalues by means of polynomial expansion	黄勇	2013	International Journal of Numerical Methods and Applications	核心
38	PEI xuan Weng, Traveling waves in a diffusive predator-prey system of Holling type: point-to-point and point-to-periodic heteroclinic orbits	吴楚芬	2013	Chaos, Solitons and Fractals	SCI
39	Spreading speeds of a partially degenerate reaction-diffusion system in a periodic habitat	吴楚芬	2013	Journal of Differential Equations	SCI

40	Semi-supervised text clustering into grating seeds spread and affinity propagation	文翰	2013	International Journal of Advancements in Computing Technology	EI
