Resume of LI Hai-sheng

Li Hai-sheng was born in Shandong, China, in 1974. He received his Ph.D. degree in computer graphics from Beihang University, China in 2002. He is a professor in school of Computer and Information Engineering, Beijing Technology and Business University, China. He is the director of network center in BTBU. He is also the discipline leader in Computer science and technology in BTBU. He is member of China Graphics Society council, vice chairman of Society of Intelligent Aerospace Systems in Chinese Association for Artificial Intelligence, senior member of China Computer Federation etc. He was awarded Beijing higher education teaching achievement prize in 2013 and Beijing Municipal Science and Technology Progress Award in 2003 respectively. His current research interests include computer graphics, scientific visualization, 3D model retrieval etc. He got the funding project for Academic Human Resources Development in Institutions of Higher Learning Under the Jurisdiction of Beijing Municipality (PHR20110875). He is in charge of the supported project of Beijing Natural Science Foundation (4162019), Science and Technology Development Program of Beijing Municipal Education Commission (KM200910011007), and several Enterprises and institutions commissioned research projects. As the main person, he attended the research work of National Major Projects, National Basic Research Program of China, National High-Tech. R&D Program of China etc. He has published two academic monographs and one textbook. He has registered three software copyright and was granted two invention patents. He has published more than 60 research papers which some of them have been indexed by SCI/EI.

Lecture courses:

Distributed and Cloud Computing; Software Quality Assurance and Testing; Object-oriented Programming (Java); Computer Graphics etc.
