IEEE International Conference on Shape Modeling and Applications (SMI)

GENERAL INFORMATION

SMI (Shape Modeling International) is an annual conference. SMI'09 will be held in Beijing, China, hosted by Tsinghua University, on June 26-28, 2009.

SMI'09 provides an international forum for presenting new trends and results in theory, techniques, and applications of shape modeling, simulating, and analysis. The audience of SMI'09 includes researchers, developers, students, and practitioners across a wide range of fields.

The proceedings of SMI'09 will contain two parts. One (no longer than 12 pages per paper) will be published as a special issue of "**Computers and Graphics**" Journal (Elsevier), and the other one (no longer than 8 pages per paper) will be published by IEEE and enter the database of IEEE. All the papers will be reviewed in two cycles, i.e., review and rebuttal cycles, with [the Elsevier paper submission and review system](#).

IMPORTANT DATES

December 8, 2008 : submission deadline for full papers

February 6, 2009 : first review notification

February 14, 2009 : rebuttal due

February 22, 2009 : acceptance decision due

March 2, 2009 : [camera-ready version](#) due

June 26-28, 2009 : SMI'09 conference

Call for paper

SMI'09 solicits research papers presenting original results in all areas of shape modeling and applications. Please download the [call for paper](#) page. ([low resolution](#))

Previous SMI Conferences:

[SMI'08](#), [SMI'07](#), [SMI'06](#).
