Society of Electrochemistry (CSE)

Journal of Electrochemistry

About This Journal

HISTORY

(<https://jelectrochem.xmu.edu.cn>) (<http://electrochem.xmu.edu.cn/CN/1006-3471/home.shtml>)

Journal of Electrochemistry (*J. Electrochem.*) is the official publication of Chinese Electrochemical Society (CSE) founded by Professor Zhao-Wu Tian in 1995, when the 46th annual meeting of the International Electrochemical Society was held in Xiamen. Journal of electrochemistry is sponsored by the Chinese Chemical Society and Xiamen University. Professor Shi-Gang Sun serves as the current editor-in-chief. Professor Chang-Jian Lin and Professor Jun Cheng serves as Executive Associate Editor-in-Chief.

PUBLISHER/EDITORIAL OFFICE

U.S. Office

Department of Chemistry and Biochemistry, University of California, 1156 High Street, Santa Cruz, CA 95064, USA

E-mail: dianhx@xmu.edu.cn (<mailto:dianhx@xmu.edu.cn>)

China Office

(Xiamen: Dianhuaxue Bianjibu) Editorial Office of Journal of Electrochemistry, Xiamen University, China

Tel: +86-592-2181469

LANGUAGE

The publication language of the journal is English, only some invited Protocols were written in Chinese.

PUBLISHING SCHEDULE

The journal publishes 6 issues per volume each year till 2021. Starting from 2022 the journal publishing schedule will be 12 issues per volume each year.

OPEN ACCESS STATEMENT / COPYRIGHT

Permitted third party (re)use is defined by the following Creative Commons user license: Creative Commons Attribution 4.0 International (CC BY 4.0). Authors will retain copyright alongside scholarly usage rights and have the right to share their article in the same ways permitted to third parties under the relevant user license (CC BY), as well as scholarly usage rights. Publisher will be granted publishing and distribution rights.

SUBMISSION PROCESSING FEE

Journal of Electrochemistry does not charge a fee for processing submissions. The journal is free to authors.

ARCHIVING

Journal of electrochemistry is preserved in CLOCKSS and Portico, the two leading preservation archives that guarantee persistent access for the very long term. Articles also receive Digital Object Identifiers (DOIs) from the CrossRef organization to ensure they can always be found.
