

Design of Marine Foundations. Design and Construction Monitoring

Author(s): Călin Stanciu • Tudor Stanciu

Tomme: LI (LV) | **Fascicle:** 1-2 | 2005

Pages: 129-136

Abstract text:

An introduction to marine foundation to marine foundations design is presented, with emphasis on pile design and driving operations monitoring. Piles are analyzed for the bearing capacity, and then, the driving equipment is selected. A short sequence of a process design simulation is also described.
