2009 International Conference on Intelligent Computation Technology and Automation (ICICTA 2009) will be held on 10-11 October, 2009 in Zhangjiajie, China. ICICTA09 aims to provide a high-level international forum for scientists, engineers, and educators to present the state of the art of intelligent computation and automation research and applications in diverse fields. The conference will feature plenary speeches given by renowned scholars and regular sessions with broad coverage.

Topics of ICICTA09 cover advance computation theory and application, control theory and application, automation, decision and management. Only original high quality papers related to those topics are especially solicited. All papers must be submitted in PDF format prepared strictly following the IEEE PDF Requirements for Creating PDF Documents for IEEE Xplore®. The standard number of pages is 4 and the maximum page limit is 6 pages with extra payment for the 2 extra pages beyond the 4 pages.

The conference proceedings will be published by IEEE Computer Society. All papers accepted will be included in IEEE Xplore, and indexed by both EI Compindex and ISTP.
