E-fact 77: OiRA promotion and implementation strategy

The OiRA web application helps Sectoral Social Partners (employers' and employees' organisations) and National Authorities (Ministries, Labour Inspectorates, OSH institutes, etc.) to produce sector-specific risk assessment tools (RA tools) targeting small businesses. But once the tools ready the challenge is to reach micro and small companies. This guide should help the developers of online risk assessments tools to set up their promotion strategy to reach small businesses.
