浅议草原法中规定的行政处分

曹晓凡, 朴光洙

摘要:

我国草原分布范围极广,各地的经济发展水平差异较大,并且在草原管理中需要重点解决的问题也不太一样。我国草原法律体系中对行政处分的规定纷繁复杂,法律、行政法规、部门规章与地方性法规、地方政府规章以及不同区域的地方性法规、地方政府规章之间对行政处分的规定不尽相同,例如应当对其进行行政处分的行政违法行为种类以及受处分人的范围等。通过对草原法中规定的行政处分的分析,认为严格和准确适用草原法的行政处分手段,是新时期草原法律保护最基本的措施。

A study on administrative punishments in Grassland Law CAO Xiao-Fan, PU Guang-Zhu

### Abstract:

The grasslands in China distribute in different provinces where the economic development is at various levels, and the problems involving in grassland administration are different as well. The rules of administrative punishments in different grassland laws, administrative regulations, and local regulations are very complicated. For example, the classification of actions and relevant punished persons should be clear. Based on the analysis on administrative punishments in the Grassland Law, it was concluded that it is the essential approach to protect the grassland resources by conducting the Grassland Law strictly and veraciously.
