### DESCRIPTION

Bamboo is regarded as a major resource that meets energy needs and also as a poverty alleviator due to its multi purpose uses. Bamboo resources are of great importance in the rural areas of tropical countries. As pulp and paper being the most energy consuming sector, it is very necessary to have an updated body of art related to its pulping processes and technologies. In view of this valuable resource. It is in this context, for the better utilization of bamboo for paper and pulp, INBAR assisted by the Art Review (STAR) on Bamboos for Pulp and Paper.

The report consists of three parts. In Part I, a brief overview of bamboo making principles are dealt with, which is very essential for Bamboo for Pulp and Paper. An annotated bibliography by Author? name is given in Part III.
