理论生态学研究组 —— 代表性论文

1. Wu J-J., Li C., Zhang B-Y., Xiao H-D., He Q-Q., Cressman R. and Tao Y. (2014) The role of exemplar in promoting cooperation, *Scientific Reports* (in press).
2. Xue Y., Zheng X-D., Huang L., Xu P-F., Ma Y-Q., Min Z-Y., Tao Q-H., Tao Y. and Meng A-M. (2014) Organizer-derived Bmp2 is required for forming an appropriate Bmp activity gradient during embryonic dorsoventral patterning, *Nature Communications*, DOI: 10.1038/ncomms4766 .
3. Cressman R. and Tao Y. (2014) The replicator equation and other game dynamics, *Proc. Natl. Acad. Sci. USA*, DOI: 10.1073/pnas.1400823111.
4. Wu J-J., He Q-Q., Deng L-L., Wang S-C., Mace R., Ji T. and Tao Y. (2013) Communal breeding in a saturated habitat generates a matrilineal social system where husband and wife live apart, *Proceedings of The Royal Society B*, 280, 20130010.
5. Xia L-X., Zheng X-D., Zhang G-Q., Zhen W-J., Wang H-L., Tao Y. and Chen D-H. (2012) The niche-dependent feedback loop determines a gradient of BMP activity that controls the asymmetric division of germline stem cells in *Drosophila*, *Current Biology*, 22, 515-521.
6. Zheng XD, Tao Y. (2011). Bistability, probability transition rate and first-passage time in an autoactivating positive-feedback loop. *PLoS ONE* 6: e17104.
7. Zheng XD, Tao Y. (2010). Effects of bidirectional regulation on noises in gene network, *Phys. Chem. Chem. Phys.* 12, 2418-2426.
8. Wu J-J., Zhang B-Y., Zhou Z-X., He Q-Q., Zheng X-D., Cressman R. and Tao Y. (2009) Costly punishment does not always increase cooperation, *Proc. Natl. Acad. Sci. USA*, 06, 448-451.
9. Zhan X-J., Zheng X-D., Bruford M., Wei F-W. and Tao Y. (2009) A new method for quantifying genotyping errors for noninvasive studies, *Conservation Genetics*, DOI 10.1007/s10592-009-9950-9.
10. Zhan X-J., Tao Y., Li M., Zhang Z-J., Goossens B., Chen Y-P., and Wang H-J., Bruford M. and Wei F-W. (2009) Accurate population size estimates are vital parameters for conserving the giant panda, *Ursus*, 20, 56-62.
11. Ji T., Zhang B-Y., Sun Y-H. and Tao, Y. (2009) Evolutionary dynamics of fearfulness and boldness, *J. Theor. Biol.* 256, 637-643.
12. Tao Y., Cressman R., Zhang B-Y. and Zheng X-D. (2008) Stochastic fluctuations in frequency-dependent selection: A one-locus and two-phenotype model, *Theor. Popul. Biol.* 74, 263-272.
13. Wang S-C., Zhang B-Y., Li Z-Q., Cressman R. and Tao Y. (2008) Evolutionary game dynamics with impulsive effects, *J. Theor. Biol.* 254, 384-389.
14. Zheng X-D. and Tao Y. (2008) Additivity of noise in a protein cascade, *J. Chem. Physics*, 128, 165104
15. Wei Y-H., Liu Y. Wang J., Tao Y. and Dai, J-Y. (2008) Toxicogenomic analysis of the hepatic effects of perfluorooctanoic acid on rare minnows (*Gobiocypris rarus*), *Toxicology and Applied Pharmacology*, 226, 285-279.
16. Tao Y. and Cressman R. (2007) Stochastic fluctuations through intrinsic noise in evolutionary game dynamics, *Bull. Math. Biol.* 69, 1377-1399.
