 NOVAGate was a gateway to selected Internet resources in the fields of forestry, veterinary, agricultural, food and environmental sciences. It is discontinued as from September 1st, 2003. The database was produced and maintained by the libraries of the NOVA University. In order to find Internet resources in the above mentioned subject areas, go to the web sites of the NOVA libraries:

- [The Danish Veterinary and Agricultural Library](#)
- [University of Helsinki, Veterinary Medicine Library](#)
- [University of Helsinki, Viikki Science Library](#)
- [Landbúnaðarháskólinn á Hvanneyri - Bókasafn](#)
- [NLH Library](#)
- [The Norwegian School of Veterinary Science](#)
- [SLU Libraries](#)

The Finnish part of NOVAGate will be moved to the [Finnish Virtual Library](#) and after that, later in autumn 2003, it can be used also in the [Renardus service](#).
