

MHC molecules and antigen peptide 幻灯片 15 幻灯片 16 V . Functions of MHC molecules 幻灯片 18 幻灯片 19 VI. HLA & Clinical Medicine 已用的字体 演示文稿设计模板 幻灯片标题
PPT10 Times New Roman PPT9
I. Human MHC --- HLA complex 1. Structure of HLA complex 2. Expressive products of class I gene and class II gene ---HLA molecules 1. Polygenic properties 2. Haplotype 3. Polymorphism 4. Linkage disequilibrium
II. The Interaction between MHC molecules and antigen peptide V . Functions of MHC molecules 1. Antigen processing and presenting
VI. HLA & Clinical Medicine 1. HLA & organ-transplantation 2. Abnormal expression of MHC molecules & clinical diseases 3. Association of HLA with diseases 4. HLA & legal medicine 5. HLA & transfusion
