

# 2017 International Symposium on Autoimmunity: Epigenomics and Beyond

April 27-29, 2017 Beijing, China

(/4709?

lang=en)

## Welcome Message ( )

Dear colleagues,

On behalf of the Organizing Committee, it is with great pleasure that we welcome you to the 2017 International Symposium on Autoimmunity: Epigenomics and Beyond (2017ISAEB), which will be held in the magnificent city of Beijing during April 27-29th, 2017.

Autoimmune diseases affect up to 11% of the population when one includes diabetes and thyroid disease. This means that worldwide there are approximately 600 million people that suffer from a breach of tolerance. Autoimmune disorders encompass a spectrum of complex multifactorial diseases characterized by aberrant immunological response against self antigens. A plethora of clinical-pathogenetic elements and characteristics contribute to autoimmune diseases, which is well documented in the recent frontiers of medical researches.

When autoimmune diseases are known to have a genetic origin, it is assumed (...more (<http://2017isaeb.medmeeting.org/Content/48719>))

## Schedules ( )

Registration:

14:00-22:00, April 27, 2017

Opening Ceremony:	<i>08:30-09:00, April 28, 2017</i>
Session 1:	<i>09:00-12:00, April 28, 2017</i>
Session 2:	<i>14:00-17:30, April 28, 2017</i>
Welcome Dinner:	<i>18:30-20:30, April 28, 2017</i>
Session 3:	<i>08:30-11:30, April 29, 2017</i>
Session 4:	<i>13:00-15:30, April 29, 2017</i>
Closing Remarks:	<i>15:30-15:40, April 29, 2017</i>

## Major Topics ()

1. Epigenomics: roadmap for regulation in immunity and autoimmunity
2. Epigenomics and environment
3. Epigenetic regulation in autoimmune diseases
4. Translational Epigenomics
5. Beyond: glycobiology and the aminoacyl-tRNA

## COUNTDOWN TO THE OPENING CEREMONY
