### Formulating Poorly Water Soluble Drugs

Publication Date: 2011-12-03

Edited by Robert O. Williams III, Alan B. Watts, and Dave A. Miller

This volume is intended to provide the reader with a breadth of understanding regarding the many challenges faced with the formulation of poorly water-soluble drugs as well as in-depth knowledge in the critical areas of development with these compounds. Further, this book is designed to provide practical guidance for overcoming formulation challenges toward the end goal of improving drug therapies with poorly

water-soluble drugs.

ISBN: 978-1-4614-1143-7

Suggested List Price:  
\$209.25 (AAPS member)  
\$279.00 (nonmember)
