

兰州重离子加速器国家实验室(NLHIAL)的今天与明天

<http://www.firstlight.cn> 1993-09-01

本文介绍了HIRFL的工作状况和发展,简要报道了NLHIAL的科学活动,提出了建立与HIRFL配套的重离子冷却储存环(CSR)的设计。

This paper reports on the current status of operation and development of the Heavy Ion Research Facility in Lanzhou (HIRFL), and introduces briefly the outline of the scientific activities in NLHIAL. In addition, a proposal concerning building a Cooler Storage Ring (CSR) for heavy ions in combination with HIRFL is presented.
