[Overview](#)

The Joint Department of Biomedical Engineering (BME) is an academic department co-located at the [University of North Carolina at Chapel Hill](#) and [NC State University](#) and was established on December 1, 2003, linking the School of Medicine at UNC-CH to the College of Engineering at NC State. At NC State, we currently offer a BS in Biomedical Engineering and a graduate minor. At UNC-CH, we offer the BME concentration in the Applied Sciences undergraduate degree program. On both campuses, we offer joint MS and PhD degrees in Biomedical Engineering. The department has administrative offices on both campuses (NCSU: 2147 Burlington Labs; UNC-CH: MacNider 152).
