Introduction

Sèvres,

- [BIPM Events](#)
- [CODATA Task Group on Fundamental Constants \(TGFC\)](#)

→ The task of the BIPM is to ensure world-wide uniformity of measurements and their traceability to the International System of Units (SI).

➤ It does this with the authority of the Convention of the Metre, a diplomatic treaty between fifty-six nations, and it operates through a series of Consultative Committees, whose members are the national metrology laboratories of the signatory States, and through its own laboratory work.

➤ The BIPM carries out measurement-related research. It takes part in, and organizes, international comparisons of national measurement standards, and it carries out calibrations for Member States.

Highlights

- [25th meeting of the CGPM: 18-20 November 2014](#)
- [CIPM meeting 2013](#) : The report of the CIPM's 102nd meeting is available on the BIPM webpage. The decisions from the meeting held in March 2014 are also available. – 28 March 2014
