"Aslib is renowned as the world's leading corporate information management organisation and was founded in 1924. Its members are private and public sector companies, organisations and government departments throughout the world vitally concerned with managing information resources successfully and efficiently. **Aslib has 3 branches and 9 special interest groups, covering some 60 SIC areas.** Our expertise is in **helping and advising our members on issues, problems and opportunities and provides a platform for them to participate in our representation and lobbying of governments and bodies nationally and internationally** who determine the regulatory framework in which we all operate. **Membership also provides a gateway to our extensive publishing, training and recruitment services including free subscriptions to two of our journals and our magazine, extensive discounts on training and free access to the Aslib Management Knowledge Resource**, one of the most extensive management databases in the world."

▶ ASLIB MIDLANDS GROUP: FORTHCOMING EVENT

COPYRIGHT: LIFE AFTER THE GOWERS REVIEW

THURSDAY 25 SEPTEMBER 2008 1.30 PM TO 4.30 PM

The Gowers review was the most far-reaching review of copyright since the current Act was passed twenty years ago - before the digital revolution. It attempted to address the issues raised by the changes in how we can create, store, copy and publish information.

Unrivalled [Management Knowledge Resource](#) free to Aslib members.

THE ASLIB MANAGEMENT KNOWLEDGE RESOURCE

Is Your Invaluable Insight Into The Rapidly Changing World Of Business. With content derived from the world's largest independent management journals, a specialised content package has been created specifically with the needs of Aslib Corporate members in mind. It is designed to keep members and their organisations abreast of the fast moving business world in which they operate by providing instant access to the latest international management research and case studies articles.

► ASLIB TRAINING

Aslib provides training in the form of public courses, on-site training, conferences and distance learning. Unless otherwise stated, all public courses are held at Aslib in London.
