Smart Operations in a Connected World

2014 POMS International Conference

[Call for Paper](#)

When: July 21st - 23rd 2014

Where: Singapore

Submission Deadline: 1st April 2014

Final Version Due: 1st June 2014

POMS International Conference 2014 in Singapore provides a leading forum for researchers, academics and practitioners to disseminate and share cutting-edge research and practice and gain insights into the challenges, opportunities, novel strategies, and analytics tools and techniques for dealing with important issues of production, operations and supply hain management in this new era. Through a series of paper presentation and discussion, we hope to identify emerging issues, extend and integrate new knowledge that contributes to the improved understanding and practice of production and operations management (POM).
