AcademyHealth: What We Do

Together with our members, AcademyHealth is dedicated to improving the knowledge base of health care decision-making by supporting the professional development of those who conduct and use health services research, advocating for the tools and funding necessary to do this important work, and helping to translate HSR findings into policy and practice.

New Research Insights Briefs

In November, AcademyHealth released two new Research Insights briefs based on presentations at the 2009 Annual Research Meeting. The first looks at **addressing disparities** through Public Health Systems and Services Research while the second tackles issues surrounding **medical homes and accountable care organizations**.

New Report Offers Lessons From Germany and Netherlands

A new report from AcademyHealth and the Commonwealth Fund describes the use of quasi-governmental authorities to achieve the goals of better access, quality, and efficiency in health care in Germany and the Netherlands.

Coalition for Health Services Research Advocates for CER

Today, the Coalition for Health Services Research sent a letter to Senate Majority Leader Harry Reid (D-Nev.) requesting that he consider the Coalition's recommendations for the placement, governance, and scope of comparative effectiveness research (CER).
