August 2014 Tipanan

Session Brief: This session brings into the consciousness of the WLP professional the new realities brought about by the ASEAN integration. This also ushers the WLP professional's adaption to the new paradigm in order to thrive in this new landscape. Learning Objectives: At the end of the session, the participant will be able to: [...]

JULY 2014 Tipanan

TOPIC: KNOWLEDGE MANAGEMENT CHALLENGE SESSION BRIEF: It has been said by many Knowledge Management advocates that the biggest challenge of KM is that "majority of a company's valuable knowledge is tacit and resists being articulated." Knowledge resides in the minds of individuals and these individuals make their own choices about how to protect, [...]

Designing Tools for Measuring Workplace Learning and Performance Impact

Program Description: Measurement or evaluation usually begins during the conceptualization of a program and needs to be linked to the objectives that have been set. Results of the measures provide data-based information that enables one to establish the value and effectiveness of an activity, as well as establishes standards for accountability. This program covers a [...]

MESSAGE FROM THE PRESIDENT

The Philippine Society of Training and Development (PSTD) is proudly celebrating its 38th National Convention and 2nd Gawad Maestro Awards on May 8-10, 2013 at the Philippine International Convention Center (PICC) with the theme “Delivering Results through Workplace Learning”.

Cognizant of the evolving trends in learning and development and the evolving demands of the corporate world, the society has led in raising the bar of excellence of Filipino trainers through workplace learning. Thus, for this year, the Organizing committee assembled a powerhouse of workplace learning practitioners and people leaders from various industries delving on topics spanning from workplace learning competencies to best practices in learning and performance improvement, from operationalizing workplace learning concepts to elevating learning to the boardroom level.

As the opening salvo to this year’s National Convention, PSTD will be recognizing workplace learning practitioners and organizations that have demonstrated visible results and significant organizational outcomes through workplace learning. This will be held on May 8, 2013 during the 2nd Gawad Maestro Awards.

Allow me to invite all of you, our beloved colleagues in HR and Training, to join us in this flagship event of your Society—to learn something new, to validate your own practices, to network with leading practitioners and at the same time share great moments with your peers. I assure you that the many vital lessons to be learned and ideas to be exchanged in this convention will equip and propel you into becoming a truly indispensable and valued partner in workplace learning and performance improvement.
