摘要:

国家级农业科研院所是我国农业科研的重要力量。本文在分析我国国家级农业科研院所基本组成以及分布情况的基础上, 通过与国外发达农业国家的经验进行对比, 指出了现阶段我国国家级农业科研院所布局存在的主要问题, 提出了未来我国农业科研院所的调整思路。

关键词: 国家级农业科研院所 布局 问题 调整思路

Current situation, problems and method of adjusting for the layout of National Agricultural Research Institutes in China

Abstract:

National agricultural research institutes are considered as a major force in the field of agricultural scientific research in our country. Based on the analysis of the basic elements as well as distribution situation of China's national agricultural research institutes and comparison with foreign experience of developed agricultural countries, this paper has pointed out the major problems existing in the layout of China's national agricultural research institutes and also has put forward the method of adjusting for China's national agricultural research institutes.

Keywords: national agricultural research institutes layout, problems, thought of adjusting
