Metadata Profile for the China Cultural Celebrities'
Manuscripts Library

The Task Force of Digital Library for Celebrities' Manuscript
Collection of Shanghai Library (Shanghai Library Shanghai 200031)

Abstract: This paper is a description on the implementation of a metadata profile derived from multi metadata standards and specifications for the China Cultural Celebrities' Manuscripts Library. Firstly, we gave an introduction on the general considerations, principles, procedure approaches and characteristics of the resources. Secondly, we explain the whole metadata profile, including the functions, documents, elements in the metadata profile, metadata encoding schema and the rules for cataloging. At last, a few big issues in the design of metadat a profile have been discussed.

Keywords: Metadata, Metadata application, Digital library, Manuscripts, Dublin Core, Shanghai Library
