Athens, the Wonder of Revival

Weather/Time in Athens

IFWTO ANNUAL CONVENTION 2006,  
ATHENS, GREECE  
March 28 - April 2, 2006

Welcome to the 37th IFWTO Annual Convention which will take place in the ancient centre of civilization, Athens, Greece from March 28 to April 2, 2006

The International Federation of Women's Travel Organizations (IFWTO) founded in 1969 as an international Federation of professionals in the travel and tourism industry, serving the needs of women operates on the principle that "PEOPLE ARE MORE IMPORTANT THAN PLACES"

The theme of the Athens convention will be "Athens - the WONDER of revival" which is based on the new slogan adopted by the Greek National Tourist Organization, "Wonderful Greece" after the very successful 2004 Olympic Games organized by the WONDER spirit of the Greek people.

Visitors to Athens now see a totally revived city looking to the future and yet maintaining its important place in the history of civilization. Many visitor attractions are ancient, yet renewed. The infrastructure of the city has been dramatically changed but has not lost its many tributes to mankind, language, culture and philosophy.

Athens is a must - a once-in-a-lifetime experience, not to be missed. It is tourism, history, culture, civilization, cuisine and fun, all rolled into one great package and definitely not to be missed.

See you in Athens in March 2006
