[作者] Mathematical Science Research Institute

[单位] Mathematical Science Research Institute

[摘要] You are warmly invited to attend MSRI's final concert in a series presenting One is One and All Alone, the solo music of J. S. Bach on Thursday, January 18, 2007 at 5:30 pm in the Institute's Simons Auditorium at Chert Hall. Suites for Solo Cello will be performed by Tanya Tomkins on Baroque cellos. Free admission. The "Mathematics + Music" concert series will continue with more recitals on a theme to be announced (and given TBA).

You are warmly invited to attend MSRI's final concert in a series presenting One is One and All Alone, the solo music of J. S. Bach on Thursday, January 18, 2007 at 5:30 pm in the Institute's Simons Auditorium at Chert Hall. Suites for Solo Cello will be performed by Tanya Tomkins on Baroque cellos. Free admission. The "Mathematics + Music" concert series will continue with more recitals on a theme to be announced (and given TBA).

Parking: Please note that parking in the lot between MSRI and the Space Sciences Lab is available—and free—

starting at 5:00 PM on weekdays. The lot is reached from Centennial Drive by turning onto the "Gauss Way" access road that leads to MSRI / SSL. Disabled parking spaces are located at the entrance to MSRI's Chert Hall. Otherwise, parking in the Institute's terraced hillside lot (directly off Centennial Drive) requires walking up 95+ steps to the MSRI building.

PTD: On weekdays the Hillside lot — with steps at Berkeley BART and on the UCSB campus —

arrives at SSL/MSRI at 5:21 PM and departs from SSL/MSRI at 6:25 PM as well as 7:15 PM. For the complete schedule, please see:

http://pt.berkeley.edu/transportation_alternatives/berkeley/Hillside/index.htm For directions to MSRI, please see the URL below:
