Water Resources

ISSN: 0097-8078 (Print) 1608-344X (Online)

Description

Water Resources (Vodnye Resursy) was founded in 1972 to present materials on the assessment of water resources, integrated waterresource use, water quality, and environmental protection. The journal covers many areas of research, including prediction of variations in continental water resources and regime; hydrophysical and hydrodynamic processes; environmental aspects of water quality and protection; economic, social, and legal aspects of water-resource development; water resources outside Russia; and experimental methods of investigation.
