# Water Research

## A Journal of the International Water Association (IWA)

*Water Research* is an international journal for researchers interested in **water quality** and its **management**. It publishes original research on **treatment processes** for municipal, agricultural and industrial **water** and wastewaters, water quality standards and analysis by chemical, physical and biological methods.

*Water Research* is the official journal of the [International Water Association \(IWA\)](#).

### Benefits to authors

We also provide many author benefits, such as free PDFs, a liberal copyright policy, special discounts on Elsevier publications and much more. Please click here for more information on our [author services](#).

Please see our [Guide for Authors](#) for information on article submission. If you require any further information or help, please visit our support pages:

<http://support.elsevier.com>
