# Soil and Water Research (SWR)

ISSN 1801-5395 (Print)

ISSN 1805-9384 (On-line)

- An international peer-reviewed journal published under the auspices of the

Czech Academy of  
Agricultural Sciences  
and financed by the  
Ministry of Agriculture  
of the Czech  
Republic. Published  
since 2006

- The journal is administered by an international Editorial Board
- Editor-in-Chief: Prof. Ing. Josef Kozák, DrSc., Dr.h.c.
- Executive Editor: Ing. Markéta Knížková
- The journal is published as a quarterly

### **Thematic scope**

original papers, short communications and critical reviews from all fields of

science and engineering related to soil and water and their interactions in natural and man-modified landscapes, with a particular focus on agricultural land use. The fields encompassed include, but are not limited to, the basic and applied soil science, soil hydrology, irrigation and drainage of lands, hydrology, management and revitalisation of small water streams and small water reservoirs including fishponds, soil erosion research and control, drought and flood control, wetland restoration and protection, surface and ground water protection in terms of their quantity and quality, good agricultural practices, land consolidation and other measures for improving and protecting soils and all other elements of the environment in small agricultural and forested catchments. Socio-economic issues are not excluded. The journal is open to authors from all parts of the world irrespective of their professional background and affiliation. Papers are published in English.
