

A Study of Individual Operation Designs for Unilateral Cleft Lip Repair

Shi Bing, Wang Qing

College of Stomatology, West China University of Medical Sciences

Abstract

Objective: To formulate a reasonable and effective individual operation design that can be adaptable to various forms of deformity of unilateral cleft lip. **Methods:** The unilateral deformity of unilateral cleft lip was classified into four types (Type I, II, III, IV) according to the distances from the midpoint of the base of columella and the points of alar bases respectively to cupid's bow peaks of both sides. Furthermore, according to the characteristics of deformity, four types of operation were designed respectively under the standard of making both cupid's bow peaks along cleft drop in the same levels, and the essentials were restoring and making the distances from the midpoint of the base of columella and the points of alar bases to both cupid's bow peaks symmetric. **Results:** Type I operation was almost the same as the Millard's operation design, and the basic designs of Type II and Type IV operation were also the same as the Millard's operation design, but were combined with the Tension's operation design. Type III operation was a new operation design of unilateral cleft lip repair. **Conclusion:** The individual operation design in unilateral cleft lip repair should be definitely according to the characteristics of cleft lip deformity.

Key words: individual operation design unilateral cleft lip repair classification of cleft lip deformity

中华口腔医学会关于接受省、自治区、直辖市 口腔医学会为中华口腔医学会团体会员的决议 中华口腔医学会第一届理事会第二次全体会议通过 (1999年5月1日)

根据民政部《关于清理整顿社会团体审定和换发证书工作的通知》的安排,社会团体清理整顿工作进入最后阶段,随之而来的将是社会团体正常发展时期。因此,在今明两年内各省市口腔医学会将陆续成立。

依据国务院发布的《社会团体登记管理条例》的规定:“社会团体不得设立地域性的分支机构。”因此各省市口腔医学会不能成为中华口腔医学会的地方分会。

《中华口腔医学会章程》(草案)第三章第八条第五款团体会员一节规定:“各地经民政部门批准依法成立的地方性学会,可申请为本会团体会员。”

为确立中华口腔医学会与省市口腔医学会的关系,加强对地方口腔医学会的业务指导,协调本会各专业委员会与地方口腔医学会的关系,遵照以上规定,中华口腔医学会第一届理事会第二次全体会议决定:接受依法成立的省市口腔医学会为中华口腔医学会团体会员。

中华口腔医学会第一届理事会第二次全体会议 关于加快中华口腔医学会会员登记、换证工作的决议 中华口腔医学会第一届理事会第二次全体会议通过 (1999年5月1日)

中华口腔医学会原为中华医学会口腔科学会,其会员为中华医学会会员。中华口腔医学会成立后,即决定进行会员登记工作。会员登记工作任务重、难度大;而各省市口腔医学会又未成立(或刚成立),没有办事机构,亦没有地市口腔医学会的组织网络,致使登记工作进展缓慢。

为使此项基础性的工作尽快完成,尽早掌握会员人数及构成状况,中华口腔医学会第一届理事会第二次全体会议研究决定:

1. 请各省市口腔医学会尽快完成本省会员登记、换证工作;省市口腔科学会借成立口腔医学会之际,抓紧做好此项工作。
2. 凡是中华医学会会员的口腔专业人员,请尽快与所在省市口腔医学会或口腔科学会联系,进行会员登记、换证工作。
3. 从明年下半年开始,中华口腔医学会会员凭《中华口腔医学会会员证》(或以会员登记档案为依据)享有会员的权利,否则学会不予认可。
4. 此决定通过口腔专业期刊、学术会议或有关媒体等途径发布,最大范围地通知到口腔专业人员。
