

SPONSORSHIP OPPORTUNITIES

Dear Sirs, From October 26 to 28th the 2nd Congress on Food Structure Design will take place in Antalya, Turkey organized by Akdeniz University Food Engineering Department as follow of the framework of the EU-funded COST Action FA1001. The goal of the 2nd Congress on Food Structure Design is to strengthen at academic and industrial levels the scientific understanding of product design and engineering and to stimulate and accelerate the development of innovative, complex and highly structured products and suitable production processes. The full program is available at <http://www.fsd2016.org>

This conference is meant to gather an interdisciplinary team of scientists from different research areas (food engineering, biophysics, applied soft matter, food technology, applied human nutrition, creative design) in the frame of an integrated process & product design approach for creating innovative multiphase structured foods. Aiming at reinforcing the quality and the international projection of this Conference, we cordially invite your Company to be included in the group of sponsors of this international event. In order to provide the possible sponsors with flexible options for sponsoring, which are more adjusted to each Company's priorities, we submit to your appreciation a list of different forms of collaboration, which can be found below. Hoping to be able to count on your participation in this initiative, we would like to present you our best regards.
