## The BMCS Mastering MedChem III: 3rd RSC-BMCS symposium on mastering medicinal chemistry

22 March 2017 09:00-19:00, Cardiff Bay, United Kingdom 

[BOOK NOW](#)

### Introduction

#### Synopsis

This meeting is aimed at all those who wish to become better drug hunters and heed warnings from the past.

In the main there are two types of drug discovery programmes: those that hit serious problems and those that are going to hit serious problems. The difference between success and failure is how we, as medicinal chemists, tackle and resolve the problems.

#### Features of the Meeting

The meeting will include:

- Live webcast for RSC-BMCS members only
- Full sound and vision recording for internet upload (RSC-BMCS members only)
- Wine mixer at the end of the day

#### Venue and Travel

Life Sciences Hub Wales is located in the heart of Cardiff Bay, a short distance from Cardiff city centre, with excellent connections to the rest of Wales, the UK and Europe.

#### Registration, Students and Bursaries

Registration is open, and fees are competitively priced. Reduced-price fees are available for undergraduate and post-graduate students, and some student bursaries are available.
