Call for Papers

Special session: Spatial Data Science and Technologies (STATS)

KSE 2017 special session on Spatial Data Science and Technology (STATS) serves as a forum for scientific exchanges and technology transfer between researchers, managers and industrial sectors. STATS will focus on advanced developments of spatial data science and technology to address issues related to natural and social worlds. Researchers are welcome to submit papers on theoretical or empirical works, or surveys of recent and future trends in spatial data science and technology. Relevant topics for KSE-STATS 2017 include, but not limited to, the following:

- Technologies for spatial data acquisition: Remote Sensing, UAV, Sensor Networks, Field Survey, ...
- Data standardization and representation
- Spatial Database and Spatial Data Warehouse
- Spatial Data Analysis and Applications
- Spatial Data Infrastructure

PAPER SUBMISSION:

The authors are invited to submit their full papers by the deadline through the KSE 2017 submission page: <https://easychair.org/conferences/?conf=kse2017>. The submissions will be peer-reviewed for originality and scientific quality. The proceedings will be proposed to be published by IEEE and be available at the conference. All papers should be in PDF format and compliant with the IEEE standard as described at IEEE's website IEEE and should not exceed 6 pages.

IMPORTANT DATES

- Deadline for paper submission: **19 May 2017**
- Notification of acceptance/rejection: **30 July 2017**
- Deadline for the camera-ready: **15 August 2017**
