

# 5. Pathology

## Classification

By rate of attack

**Acute caries**

**(Rampant caries)**

**Chronic caries**

**Arrested caries**

# 5. Pathology

## Rampant caries

# 5. Pathology

## Rampant caries

# 5. Pathology

## Classification

### By site of attack

- Pit and fissure caries
- Smooth surface caries
- Root caries

# 5. Pathology

## Pit and fissure caries

# 5. Pathology

## Pit and fissure caries

# 5. Pathology

## Smooth surface caries

# 5. Pathology

## Root caries

# 5. Pathology

## Classification

By the relation between lesion and filling

- Primary caries
- Secondary caries  
(Recurrent caries)

# 5. Pathology

## Recurrent caries

# 5. Pathology

## Classification

**By depth of the lesion**

- Incipient Caries**
- Medium Depth Caries**
- Deep Caries**

# 5. Pathology

## Classification

### By tissue of attack

- Enamel caries
- Dentin caries
- Cementum caries
